

WORLD**LOGIC**DAY**2022**

WORLD LOGIC DAY FORUM

January 14th

Logictry's World Logic Day Forum will highlight the importance of Logic across sectors around the world in alignment with the United Nations Sustainable Development Goal 17 (Partnership for the Goals). Logictry will work across sectors to organize intergenerational panels and curated sessions to help share more about Logic's roles in various UN SDG related initiatives.

Logictry will lead this initiative in partnership with the NOVA Impact and the UN SDSN Leadership teams. The forum will be held on Zoom as a virtual event on January 14th. Each collaborator/panel host will provide a brief report that Logictry will combine and organize to be submitted after the event.

CEO and Founder of Logictry, Chris Fronda

chris@logictry.com

Founding Partner of NOVA Impact, Chelsea Toler

Chelsea@keepfamiliesgiving.org

Head of Education & Programming for UN Sustainable Development Solutions Network (UN SDSN), Kayla Colyard

kayla.colyard@unsdsn.org

Breakouts - US SDSN

Incorporating Logic into various sectors in alignment with UN SDG 17
Invite only breakout sessions will allow for UN SDSN to share more about their work and initiatives as well as to create space around how various sectors can propel the logic movement and the UN SDGs forward.
